International Journal of Bioscience, Biochemistry and Bioinformatics

Volume 5, Number 2, March 2015

| | |
|--|------------|
| Microbial Diversity Associated with Organic Fertilizer Obtained by Composting of Agricultural Waste | 70 |
| Natalia Escobar, Victor Solarte | |
| Novel Pravastatin-Producing <i>Penicillium janthinellum</i> Strain Isolated from Soil | 80 |
| Emine Seydametova | |
| Catalytic Site Prediction of Azoreductase Enzyme of <i>E. coli</i> with Potentially Important Industrial Dyes Using Molecular Docking Tools | 91 |
| Bikash Thakuria, Nangkyntiewbor Jungai, Samrat Adhikari | |
| Structure-to-Function Computational Prediction of a Subset of Ribosomal Proteins for the Small Ribosome Subunit | 100 |
| Edmund Ui-Hang Sim, Chin-Ming Er | |
| Rapid Ferritin Iron Release Using FMN Reductase | 111 |
| Mei I Lai, Lim Wai Feng, Boon Kar Yap, Elizabeth George, Maha Abdullah | |
| Effects of Virgin Coconut Oil on the Histomorphometric Parameters in the Aortae and Hearts of Rats Fed with Repeatedly Heated Palm Oil | 120 |
| Kogilavani Subermaniam, Qodriyah Haji Mohd Saad, Yusof Kamisah, Faizah Othman | |
| The Influence of Magnetic Nanoparticles' Size on Trapping Efficiency in a Microfluidic Device | 132 |
| Alireza Bahadorimehr, Zhila Rashemi, Burhanuddin Yeop Majlis | |
